1. Employee and Review Information

EMPLOYEE NAME Aisha Tan / Quality Lead	EMPLOYEE ID / IC 900101-14-5555
POSITION TITLE Quality Engineering Lead	DEPARTMENT Product & Engineering
APPRAISER NAME Test Manager	REVIEW TYPE Annual Performance Review
REVIEW PERIOD 2026-01 to 2026-12	PROBATION STAGE -
PROBATION END DATE -	PROJECT NAME -
PROJECT CLIENT -	

REVIEW PURPOSE

Validate the full printable appraisal review package with enough content to exercise pagination.

2. Key Performance Indicators - 60%

KPI Category 1

KRA	Expected outcome	Wt.	Self	Agreed	Achievement / result	Verification	Evidence	Status
Key result area 1.1 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 1.1: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified
Key result area 1.2 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 1.2: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified
Key result area 1.3 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 1.3: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified
Key result area 1.4 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 1.4: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified

KPI Category 2

KRA	Expected outcome	Wt.	Self	Agreed	Achievement / result	Verification	Evidence	Status
Key result area 2.1 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 2.1: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified
Key result area 2.2 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 2.2: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified

KPI Category 2

KRA	Expected outcome	Wt.	Self	Agreed	Achievement / result	Verification	Evidence	Status
Key result area 2.3 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 2.3: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified
Key result area 2.4 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 2.4: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified

KPI Category 3

KRA	Expected outcome	Wt.	Self	Agreed	Achievement / result	Verification	Evidence	Status
Key result area 3.1 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 3.1: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified
Key result area 3.2 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 3.2: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified
Key result area 3.3 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 3.3: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified
Key result area 3.4 with a deliberately long description to confirm wrapped PDF text remains readable.	Expected outcome 3.4: complete the agreed deliverable within the review period and document measurable business impact.	8%	4.0	4.5	Completed the deliverable with documented evidence and a measurable improvement over the previous review cycle.	Verified against the submitted project record and team delivery notes.	Document Completion: 100	Verified

3. Competency and Behavioural Assessment - 40%

Competency	Description	Self	Agreed	Appraisee comment	Manager comment	Supporting example
1. Proficiency in Current Role	Demonstrates knowledge of position and understands how responsibilities fit within the organization.	4.0	4.5	Demonstrated this competency consistently throughout the review period.	Strong and reliable performance with clear evidence of growth.	Led a cross-functional improvement initiative and documented the resulting process changes.
2. Quality of Work	Maintains standards consistently, achieves accuracy, and remains attentive to details.	4.0	4.5	Demonstrated this competency consistently throughout the review period.	Strong and reliable performance with clear evidence of growth.	Led a cross-functional improvement initiative and documented the resulting process changes.
3. Initiative	Works independently, takes additional responsibility, and suggests ways to enhance processes.	4.0	4.5	Demonstrated this competency consistently throughout the review period.	Strong and reliable performance with clear evidence of growth.	Led a cross-functional improvement initiative and documented the resulting process changes.
4. Planning and Organisation	Prioritises effectively, anticipates changes, and coordinates resources to meet deadlines.	4.0	4.5	Demonstrated this competency consistently throughout the review period.	Strong and reliable performance with clear evidence of growth.	Led a cross-functional improvement initiative and documented the resulting process changes.
5. Interpersonal Relations	Maintains positive working relationships and cooperates flexibly with others.	4.0	4.5	Demonstrated this competency consistently throughout the review period.	Strong and reliable performance with clear evidence of growth.	Led a cross-functional improvement initiative and documented the resulting process changes.
6. Team Participation	Builds partnerships, works cooperatively with team members, and understands team goals.	4.0	4.5	Demonstrated this competency consistently throughout the review period.	Strong and reliable performance with clear evidence of growth.	Led a cross-functional improvement initiative and documented the resulting process changes.
7. Punctuality and Attendance	Arrives ready to work at scheduled time and maintains an acceptable attendance record.	4.0	4.5	Demonstrated this competency consistently throughout the review period.	Strong and reliable performance with clear evidence of growth.	Led a cross-functional improvement initiative and documented the resulting process changes.

4. Overall Scoring Summary

Measure	Raw / average	Weighted points	Notes
KPI score	90.00%	54.00 / 60	Weight total: 100.0%
Competency score	90.00%	36.00 / 40	Average: 4.50 / 5
Total score	90.00 / 100	5.0 / 5	5 - Outstanding

5. Qualitative Comments and Development

EMPLOYEE OVERALL COMMENT

Delivered a reliable test strategy and improved release confidence across several teams.

KEY STRENGTHS

Clear communication, dependable execution, and strong cross-functional collaboration.

MAIN AREAS FOR IMPROVEMENT

Continue delegating test automation ownership and build more reusable quality dashboards.

SUPPORT AND TRAINING REQUIRED

Advanced leadership coaching and additional time for quality engineering enablement.

NEXT REVIEW OBJECTIVES

- Publish the next-cycle quality roadmap
- Mentor two senior engineers
- Reduce escaped defects by 15%

MANAGER OVERALL FEEDBACK

A strong contributor who is ready to take on broader quality leadership responsibilities.

6. Management Usage Only

MANAGEMENT DECISION Promote Employee	EFFECTIVE DATE 2027-01-01
NEW POSITION Head of Quality Engineering	NEW PROBATION END DATE -

REASON / NOTES

Promotion recommended based on sustained performance and leadership impact.

7. Acknowledgement and Signatures

ACKNOWLEDGEMENT

I acknowledge that this appraisal has been reviewed and discussed with me. Acknowledgement confirms receipt and discussion, not necessarily agreement with every rating or comment.
